THE CAMERA SYSTEM HAS BEEN WORKING AWESOME!! "Tree cam's"

This past year we installed a new security system. The system includes cameras to monitor the club grounds and sign in area. It is up to all members to police our grounds to ensure that everyone riding is either a member or someone that has paid their \$15.00 donation fee. Please be advised that the non-members have a 3 time ride limit and each rider must pay this donation fee.

We have noticed in the past riders not signing in and not paying the donation fee. This is not fair to our members, and with the help of these cameras we can easily identify a non-paying guest.

Wednesdays are a very popular night at Hillside

It's great to see our Wednesday night group of riders really exploding over the past few years! I bet we have been getting anywhere from 20 to 30 riders every Wednesday night after work. We've had a good mix of older veteran riders, as well as younger riders. This past summer again was a blast!!! We are looking forward to the 2014 season for sure!!

Here are just some of the benefits of joining our club !!

Our club welcomes all riders from young to old.... from novice riders with no experience to expert riders with years of experience. Our facility has a lot to offer and will challenge everyone's riding skills.

Joining our club is a great way to improve your riding skills, with **seven day access**. You can enjoy more "SEAT TIME" on your bike than in your car diving to "out of the way" & sometimes inaccessible tracks. Plus as an added bonus you can meet other dirt bike fanatics just like you !

So you can see the benefits of joining Hillside Motocross Club. You don't have to be a pro or ride extremely fast to join. No matter what your skill level may be, we will make you will feel welcome and enjoy the camaraderie among other riders who like to share their riding tips and performance maintenance tricks.

Our track is updated and repaired annually by David Lepley from "Track Masters " with new jumps or new obstacles each season and a fresh new look. Drainage and water control have been maximized so our track dries much sooner after a good long rain than many local tracks in the area. In the spring when all the other tracks are still under water Hillside MX club is ready for you to ride. We do our best to keep the track regularly ripped and disced up to give our members the best riding conditions as possible. Our motocross track field is brush hogged to keep the grass down as low as possible so the entire track can be seen by all

Over the past year we've had some great club outings...Watching the Daytona Supercross at Buffalo Wild Wings, the Monster Energy Cup on the big screen at The Movies at Meadville. **SO PLEASE "FRIEND US" ON FACEBOOK AND / OR CHECK OUR WEBSITE OFTEN TO KEEP UPDATED ON ANY FUTURE CLUB EVENTS.**

Check out the club's financial report on the last page of this flier.

3 RIDE LIMIT FOR NON-MEMBERS **\$15.00 Donation fee for non-members**

We ask everyone who are on our club grounds to "SIGN-IN" at the silver box located just south of Five Star Cycle's parking lot. If you are a non-member you have a 3 ride limit. Underneath the sign in sheet at the top of the sign in box, you will find a slot where you will insert your \$15.00 donation. After the 3rd time, we ask that you become a member of our club.

Each time that you ride at our facility the donation fee will go toward your membership price. For example, if you ride the three max limit, you would have placed \$45.00 into the sign in box. So now you would like to become a yearly member. To join, the cost would only be the balance of \$155.00.

We do our best each and every year to make our club affordable for everyone. Please remember it costs a considerable amount of money to keep our club in operation. Thanks to your support we are going strong!

2014 sign in sheets will ask you to: **non-members** to list your name, address, type of bike and # on bike. **If you are a non-member it is mandatory that you fill out the sign in sheet completely & clearly.** Club members will only need to print your name, date and time in on this wavier.

94 dB to 96dB Mufflers are a MUST !!!!!

This is a very important issue when riding on our club grounds. If we don't police ourselves, sooner or later the government and non-riding public will do the job for us.

All 2011 & up motocross motorcycles come equipped with 94DB MUFFLERS. SO PLEASE DO NOT CHANGE YOUR BIKES FACTORY EXHAUST TO SOME SUPER LOUD TYPE. MOST AFTERMARKET MANUFACTURES NOW OFFER 94DB MUFFLERS WITH THEIR RACE SYSTEMS. SO MAKE SURE THAT YOU SPECIFY YOU'LL NEED THE LOW DB OUTPUT MUFFLER.

THE MOST COST EFFECTIVE WAY TO QUIET OLDER MODEL BIKES IS WITH A "DECIBEL DAWG" INSERT. FOR MORE INFORMATION PLEASE CONTACT ONE OF OUR BOARD MEMBERS. THANK YOU FOR YOUR COOPERATION in THIS MATTER. **WE RESERVE THE RIGHT TO DENY ACCESS TO ANYONE WITH LOUD SYSTEMS.**

For some of the greatest MX photos we've ever seen.... Magazine quality photos for sure!! Be sure to check out, one of our own member's web sites at:

www.frame4frame.com

A great big thanks goes out to *Chuck Hewett* for taking some awesome photos of club members this year!! "Hunter" (Chuck's son) you get some credit too!! Awesome Shots by the two of you!!

**A Great big thank you to our past year's, 2013 membership!!!
Thank you for being a proud member and supporting our club!!!**
